## **INTRODUCTION**

This directory lists ridesharing, bus and rail services, telework centers, park-and-ride information, and other transportation services, facilities and organizations for the metropolitan Washington and Baltimore regions. This directory is published by the National Capital Region Transportation Planning Board's (TPB's) COMMUTER CONNECTIONS program at the Metropolitan Washington Council of Governments (COG). It is updated twice a year. The information in this directory can also be found at the COMMUTER CONNECTIONS web site, **[www.commuterconnections.org](http://www.commuterconnections.org)**.

Since 1974, COMMUTER CONNECTIONS (formerly the Ride Finders Network and formerly the Commuter Club) has been providing free information and computer matching services to area residents and workers seeking to join carpools or vanpools, or locate appropriate transit arrangements. Currently, the COMMUTER CONNECTIONS Commuter Operations Center unites into a computer network, the ridesharing programs operated by: COG/TPB, Army National Guard Readiness Center (ARNG), Baltimore City, Baltimore Metropolitan Council, Bethesda Transportation Solutions, Charlottesville Rideshare, City of Alexandria, Dulles Area Transportation Association (DATA), Food and Drug Administration (FDA), Fairfax County, Frederick County (MD), Harford County, Howard County, Loudoun County, Maryland Transit Administration, Montgomery County, National Institutes of Health (NIH), North Bethesda Transportation Center, Northern Neck Planning District Commission, Northern Shenandoah Valley Regional Commission, Potomac and Rappahannock Regional Commission, Prince George's County, Rappahannock Area Development Commission, Rappahannock-Rapidan Regional Commission, Rideshare Delaware, and Tri-County Council for Southern Maryland.

The agencies in this network share resources and a single common database of applicants for the purpose of providing the best services to commuters. COMMUTER CONNECTIONS is funded through grants from the District Department of Transportation, the Maryland Department of Transportation, the Virginia Department of Transportation, and the Federal Highway Administration of the U.S. Department of Transportation.

# **CARPOOL & VANPOOL INCENTIVE PROGRAMS**

## **DISTRICT OF COLUMBIA**

### **POOL REWARDS**

Pool Rewards is a special incentive program available through Commuter Connections designed to encourage current drive-alone commuters to start ridesharing in the Washington Metropolitan region.

Eligible carpools can earn \$2 per day (\$1 each way) for each day you carpool to work over a consecutive 90-day period as assigned by Commuter Connections. The maximum incentive for the 90-day trial period is \$130.00. In exchange, the commuter must go online and log information about their new commute and complete a survey about their experience.

Pool Rewards for Vanpools offers a \$200 monthly subsidy to vanpools that qualify. Qualifications are as follows:

1. Vanpools must have an origin in Maryland, West Virginia, Pennsylvania, New Jersey, or the District of Columbia
2. Are newly-forming vanpools. Newly-forming vanpools are defined as vanpools that have not previously been in operation within 30 days prior to the submission of the Pool Rewards for Vanpools application.
3. Are registered with Commuter Connections.
4. Have a 7 to 15 passenger capacity (including the driver).
5. Submit an application for the program through one of the qualified vanpool providers: VRide or Enterprise Rideshare.

**For more information, call Commuter Connections at 1-800-745-7433 or email [ridematching@mwkog.org](mailto:ridematching@mwkog.org)**
